Civil Aviation Flight University of China

学院简介

University Overview

中国民用航空飞行学院（以下简称学院）创建于1956年，作为中国民用航空局直属的全日制普通高等学校，中国民用航空局与四川省共建高校，已成为中国民航高素质人才培养的主力高校，被誉为“中国民航飞行员的摇篮”。

Civil Aviation Flight University of China (hereinafter referred to as CAFUC) was founded in 1956. As a full-time university directly under the Civil Aviation Administration of China (CAAC), and jointly built university by CAAC and Sichuan province, it has become the main university for the cultivation of high-quality professionals in civil aviation of China, and is known as the "cradle of civil aviation pilots in China".

学院本部位于四川省广汉市，毗邻成都市，校区地跨川、豫两省五市七个校区，占地面积19000余亩。学院在四川新津、广汉、绵阳、

遂宁和河南洛阳建有 5 个飞行训练分院，管理运行 5 个通用及运输航空机场。学院建有世界一流的航空发动机维修培训中心，是全球最大的 LEAP 系列发动机培训中心，是 CFM 全球四大培训中心之一；拥有国内最大、实力最强的通用航空维修基地，是世界主流通航飞机制造商的授权维修中心；拥有全球海拔最高、性能一流的“高高原航空安全实验室”，国内高校最先进的 360 度全视景塔台指挥系统和中国民航局授权的完备考试培训体系，并为中国民航建标、立法提供技术支持和培训。学院立足民航、坚持特色发展，现有全日制在校学生 3 万余人，其中飞行技术专业学生 1.1 万余人，形成了以工为主，理、工、文、管、法、艺、教育多学科协调发展的学科专业体系。现有 16 个二级学院、13 个硕士学位授权点，47 个本专科专业，覆盖了民航所有专业领域。

Headquartered in Guanghan City, Sichuan Province, adjacent to Chengdu, the university covers an area of more than 19000 chinese mu, covering seven campuses in five cities in Sichuan and Henan provinces. The university has established five flight training branches in Xinjin, Guanghan, Mianyang, Suining and Luoyang, managing and operating five general and transportation airports. The university owns a world-class aero-engine maintenance training center, which is the world's largest LEAP series engine training center, and one of the four CFM training centers in the world, the largest and strongest

general aviation maintenance base in China, as the authorized maintenance center for mainstream aviation aircraft manufacturers in the world; and we have the highest altitude and first-class performance "High plateau Aviation Safety Laboratory" in the world, the most advanced 360-degree full view tower command system in domestic universities, and a complete examination and training system authorized by CAAC. We also provide technical support and training for China's civil aviation standardization and legislation. Based on civil aviation and adhering to characteristic development, the university now has more than 30,000 full-time students, including 11,000 students around majoring in flight technology. It has formed up a discipline system focusing on engineering and coordinated development of science, engineering, literature, management, law, art and education. There are 16 schools and 13 master's degree authorization points, and 47 undergraduate and professional training majors, covering all professional fields in civil aviation.
